**Sport**

Next week, the biggest College sporting event of the year takes place, the College inter-House Athletics Carnival. Students by now have nominated for events they wish to compete in and most have already taken part in the 1500m races held last Friday afternoon. Congratulations to Halle Kennedy-Frame and Dylan Nobbs who broke the 1500m records in their age divisions. Halle finished in a time of 6 minutes 24 seconds beating the old record of 6.42. Dylan’s record now stands at 5 minutes 48 seconds after he beat the old record of 6.16.

The biggest change once students reach the Under 12 - 13 age group is the extra events they are eligible to compete in. On the track, they can now compete in the 400m and 1500m races. In the field events they are eligible for Triple Jump (which students have decided is much more complicated than Long Jump) and Javelin. Javelin is definitely the most exciting of these events with many students wanting to practice and improve their technique during HPE lessons. All staff and students are looking forward to a great week of athletics. Hopefully the weather is kind to us.

Mr Lincoln
