MYSTified - Middle Years Support Time

The business end of the term has arrived, our students are working hard on a number of assessment tasks. We know that at times young people find it hard to organise their time, complete the necessary research or understand the task set. To help relieve some of the pressure we would like to invite parents and students to the College Library on Monday afternoon the 29th of August. This is an initiative of the Professional Learning Team years 6-8, a number of Middle Years teachers will be on hand to assist with any questions you may have about your child’s learning in years 6-9.

The aim of this afternoon to is to help you to assist your child with their assessment. This is also a great opportunity for parents to visit our wonderful College Library and see the resources that are available. We will also be happy to help parents and students identify ways they can access the resources they need to complete set tasks.

Please come along to have your questions answered and meet some of the Middle Years teachers.
