**Middle Years Matters - Year 9 Camp**

Setting off to Chinchilla, the cars were packed with food, camping gear and 14 very excited Year 9 students. The first day of camp allowed the students to undertake a number of team building activities including, low ropes, balance beams and over the wall. On Wednesday evening the rain began and didn’t stop till Friday morning. Even though tents were wet and the rain didn’t really ease all day Thursday, the students got to participate in a few hours of Laser Skirmish run by Sgt Mike Hughes and Clint Ryan. This was then followed by ‘playing in the mud’. The sun shone again on Friday and more team building activities were undertaken. Despite the wet, dreary weather, lots of fun was had by all. Many, many thanks to Sgt Mike and Clint Ryan, for donating their time to assist with the camp.
